

Muritai School

'Be the **BEST** we can be'

Attendance Management Plan

Approval:	Date 10/3/2025  School board signature	Published on:	www.muritai.school.nz
Effective date:	Date 4/2/2025	Review date:	Date

Overarching attendance objectives and strategic priorities

- We recognise the importance of regular attendance to support student welfare and help students achieve their educational potential.
- Improving student attendance is a key initiative from our strategic plan to ensure students receive consistent, uninterrupted teaching based on the refreshed New Zealand Curriculum.
- Research consistently shows a direct link between regular attendance and higher academic achievement.
- Although our termly student attendance is fair, improvements can be made to lift attendance during term time and therefore lift achievement.
- Our goals are to improve attendance rates from the previous years and ultimately match or exceed the attendance goals set by the Government on the termly basis.

Attendance policy

As required by the Education and Training Act 2020 (s 35), students between six and sixteen years old must be enrolled at school. Once enrolled, it is compulsory to attend school regularly, unless a specific exemption has been approved by the school and the Ministry of Education. The board takes all reasonable steps to ensure all students enrolled at Muritai School attend school when it is open (Education and Training Act, s 36).

Muritai School records and monitors attendance using set attendance procedures. We have annual targets for student attendance, and work with students, parents and caregivers, staff, and external agencies where necessary to improve our levels of student attendance. We share our attendance information with the Ministry of Education, which ensures we receive correct funding and staffing entitlements. We keep our attendance registers for seven years from the date of last entry.

Parent/Guardian and student responsibilities

Parents and guardians have legal obligations to ensure their children attend school (Education and Training Act, s 244). We expect parents/guardians to:

- notify the school as soon as possible if their child is going to be late or absent
- arrange appointments and trips outside school hours or during school holidays where possible
- work with the school to manage attendance concerns.

We share attendance expectations with students and their parents/guardians and caregivers, and require students to be present and attend classes on time.

Parents/Guardians may ask for their child to be excused from certain areas of the curriculum for religious or cultural reasons. The principal reviews these requests and considers the preferences of the student. The school provides supervision for any students who do not participate in certain areas of the curriculum.

Additional information [can be found here](#)

Attendance Management Procedures

Muritai School has procedures to record and monitor attendance, and to identify and follow up concerns. We share attendance expectations with students and their parents/caregivers, and staff are responsible for reminding students of these expectations.

Recording attendance

We record attendance accurately to ensure all students are accounted for, including for emergency situations. The school provides attendance data to the Ministry of Education each day, as required by the Education and Training Act 2020 and Education (School Attendance) Regulations 2024. We monitor absence patterns using our student management system and notify parents/caregivers of any concerns.

Classroom teachers, learning support staff, and office staff work together to ensure attendance is recorded correctly. Relievers, itinerant teachers, and specialist teachers provide attendance information as necessary to the relevant teacher, or directly to the school office.

We record students as present or absent using Ministry of Education attendance codes. An absence may be justified (e.g. for medical reasons) or unjustified (e.g. for an unapproved holiday or other unsatisfactory reason), and we record this in our attendance register.

Monitoring attendance

The school office receives attendance information from classroom teachers and/or relievers, itinerant, or specialist teachers, and is responsible for checking and updating attendance information (e.g. due to students arriving late or going home early). Office staff follow up absences, monitor for changes or trends in student attendance, and coordinate with relevant staff as needed.

Staff are encouraged to report any attendance concerns to the Senior Leadership Team.

The Ministry of Education collects attendance data from the school, including:

- the proportion of students who [attend regularly](#)
- students with five or more full days of unjustified absence in a term
- absences remaining unexplained at the end of each week.

Student absences

Parents/Caregivers are expected to notify the school as soon as possible (before or during the school day) if their child will be absent. A reason for absence must be provided no later than the end of the school week. Muritai School will contact parents/caregivers directly if no explanation is provided for student absence.

Under the Education and Training Act 2020 (s 45), the principal may allow a student to be absent from school for up to five days if there is a justified reason for absence (e.g. due to illness, a funeral or tangihanga, or other approved reason at the discretion of the school). For planned absences, requests must be made to the principal at least one week before the planned event.

The principal has discretion to approve or deny requests, based on criteria including:

- the benefit to education for the student (including qualifications and experience of course providers as relevant)
- the length of time away from regular school programmes that the activity will require.

If a student does not arrive at school or goes missing during the day (including from an EOTC event), we check there are no errors in how attendance information was recorded or updated (e.g. if a student has gone home due to illness). If necessary, we follow up with parents/guardians and/or emergency contacts. We may also follow our [Missing Student Procedure](#).

Following up unexplained absences

Muritai School takes all reasonable steps to ensure students attend school while it is open, including following up unexplained absences.

Our follow-up actions may include:

- analysing attendance data for patterns of absence
- contacting parents/caregivers to outline attendance expectations
- meeting with students and their parents/caregivers to discuss strategies for improving attendance
- discussing school programmes with relevant staff to better meet the needs of students at risk of disengagement.

Under the Education and Training Act (s 48), the board may appoint an attendance officer who has authority to follow up absences with students and their parents/caregivers directly.

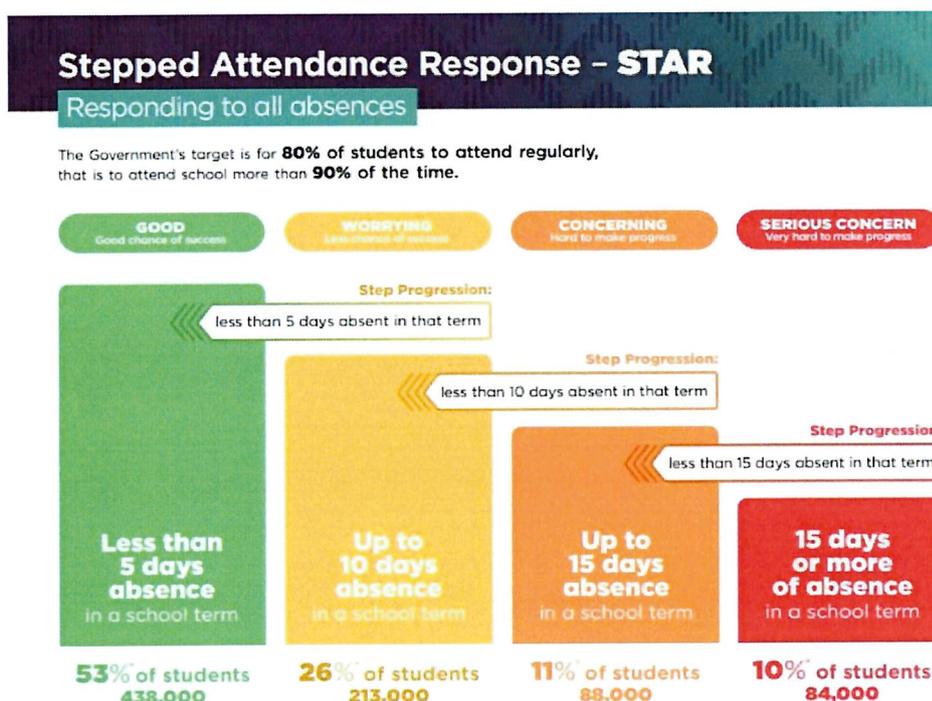

We may also refer students with extended or persistent absences to [Attendance services](#)

Monitoring and measuring progress

The office staff, teachers and leaders work collaboratively to support whanau for students to attend school. The 'Stepping System' (MOE, 2025) is used to consider the attendance of students. The principal or member from the Senior Leadership Team will contact whanau who have attendance of 'concerning' or 'serious concern.'

Individual attendance data is shared with whanau as part of our reporting process for all students.

Our school uses the [Stepped Attendance Response \(STAR\)](#) to guide when and how we respond to absences.

The board will receive termly attendance reporting - including information provided by the Every Day matters report. Included in this reporting will be any emerging trends, barriers to attendance, and areas of concern for the board's consideration.
